

Relevant before the app opens

Five-minute core presentation. Six cinematic scenes. Actual native evidence stays intact.

0:00-0:12 Your context. In action.

0:12-0:35 The gap between sessions

0:35-1:55 A task beyond the app

1:55-2:25 Designed to fit an operator

2:25-3:00 What success looks like

3:00-3:55 The value and the cost

3:55-4:35 Control stays with the user

4:35-5:00 The next screens

Review the story, device framing and six motion specifications before any Flow iteration.

Ready now

Capture script + impact workbook

Still open

Human microphone recording

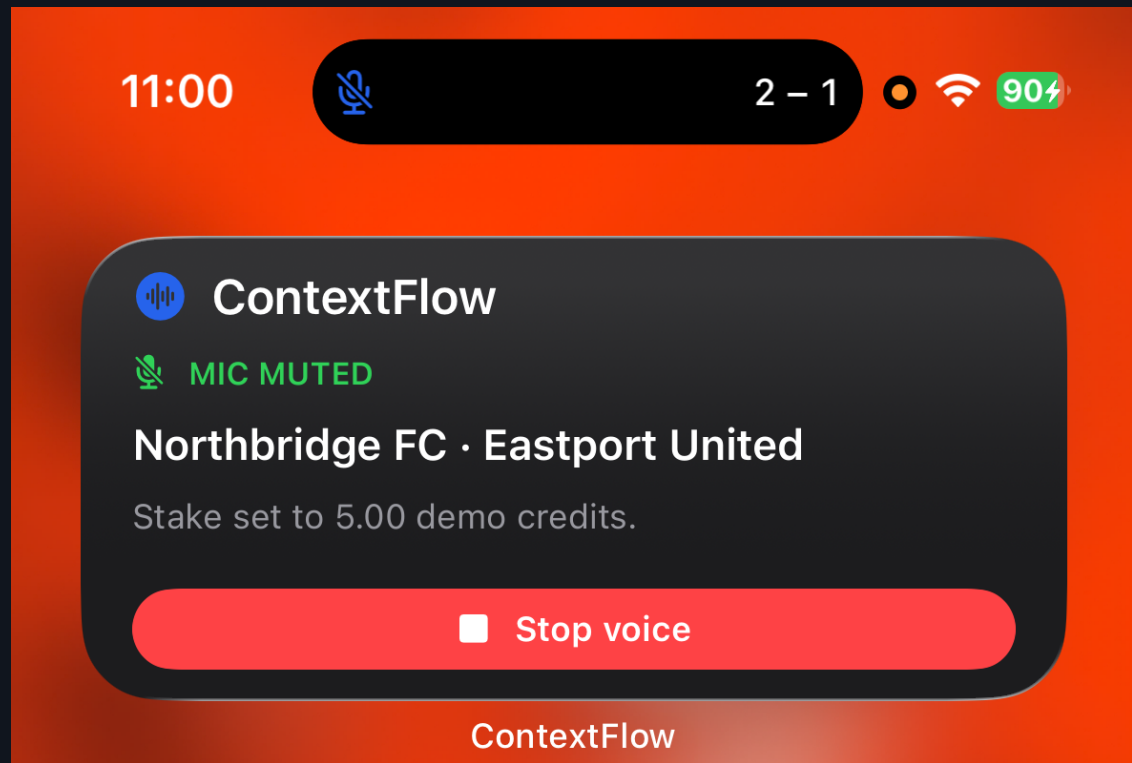

Final human take and surface lifecycle

Storyboard approval

Flow clips and PowerPoint playback

S01 / Home-screen hook

Slide 1 - 6-second cinematic plate - 360p drafts, selected 720p finish

ACTUAL NATIVE CAPTURE - SAMPLE DATA

FIRST FRAME

Full phone on the right; result has not yet changed.

0-1s hold / 1-4s 2% push / 4-6s hold

Physical widget and muted indicator captured. Human-spoken opening remains pending.

LAST FRAME

Stable screen corners; cut to actual live instruction and result.

Soft pulse, then silence beneath the human command.

S02 / Research handoff

Slide 3 - 6-second cinematic plate - 360p drafts, selected 720p finish

AI ASSISTANT · SAMPLE DATA

ACTION CONTEXT

Your instruction: Open Northbridge FC and add home win with 10 demo credits

Requested action: Added Northbridge FC. Stake 10.00 demo credits. Ask to review your slip.

Confirmation is required for every exact demo bet. Changes invalidate its review.

Fictional match brief · sample data · 0 min old · 9/9/2026, 11:00:31 AM

ACTUAL NATIVE CAPTURE - SAMPLE DATA

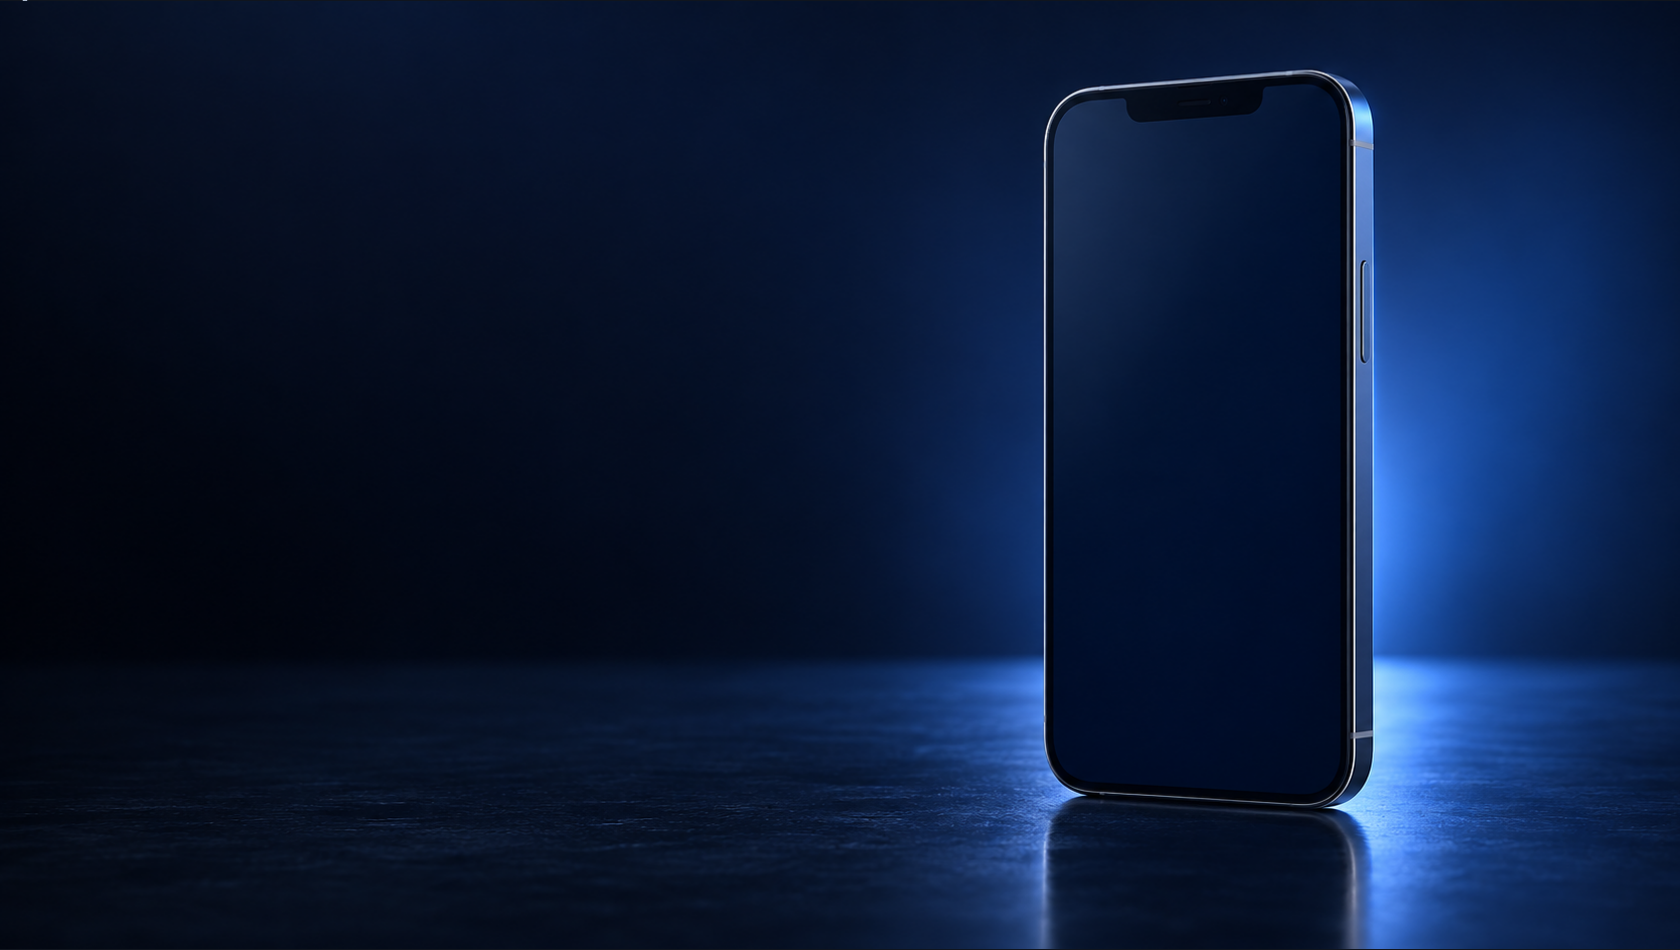

FIRST FRAME

Source evidence and user instruction remain distinct.

0-2s hold / 2-4s edge-light cue / 4-6s hold

Updated source/instruction card captured on iPhone. Final motion still awaits review.

STORYBOARD REVIEW - 9 SEP 2026 - 3

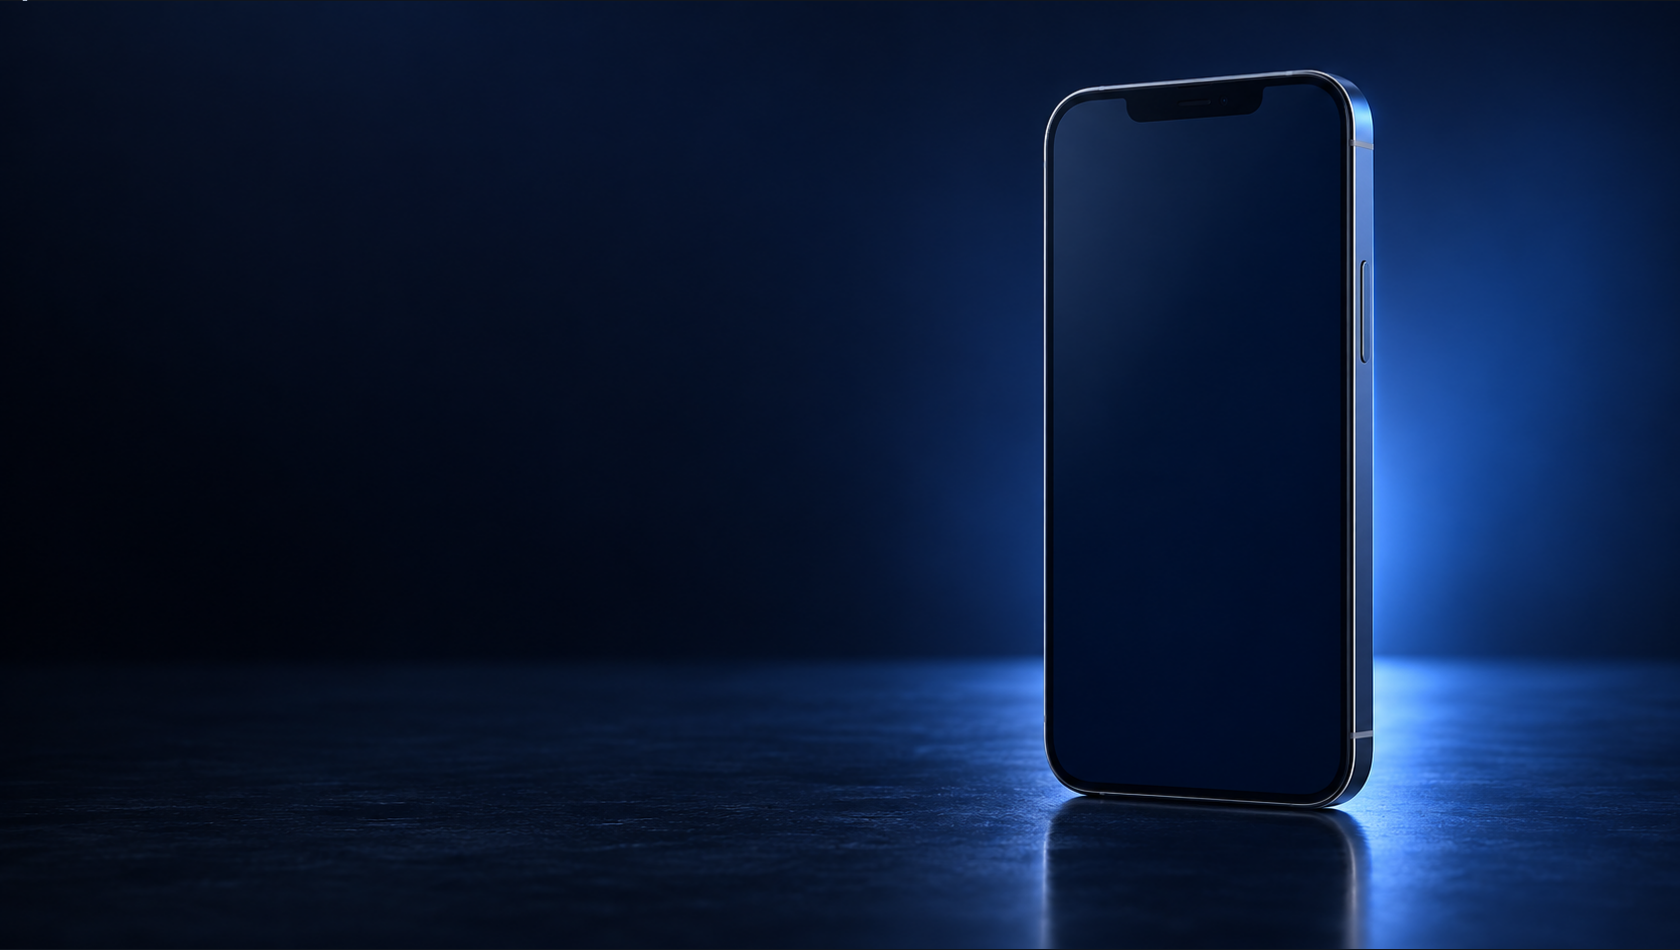

LAST FRAME

One home-winner selection; stake 10.00 demo credits.

One soft handoff tick; no generated voice.

S03 / Voice interaction

Slide 3 - 6-second cinematic plate - 360p drafts, selected 720p finish

ACTUAL NATIVE CAPTURE - SAMPLE DATA

FIRST FRAME

One selection at 10.00; await the user instruction.

0-1s hold / 1-4s 1% lateral drift / 4-6s hold

Current reference is typed native QA. It does not certify human speech.

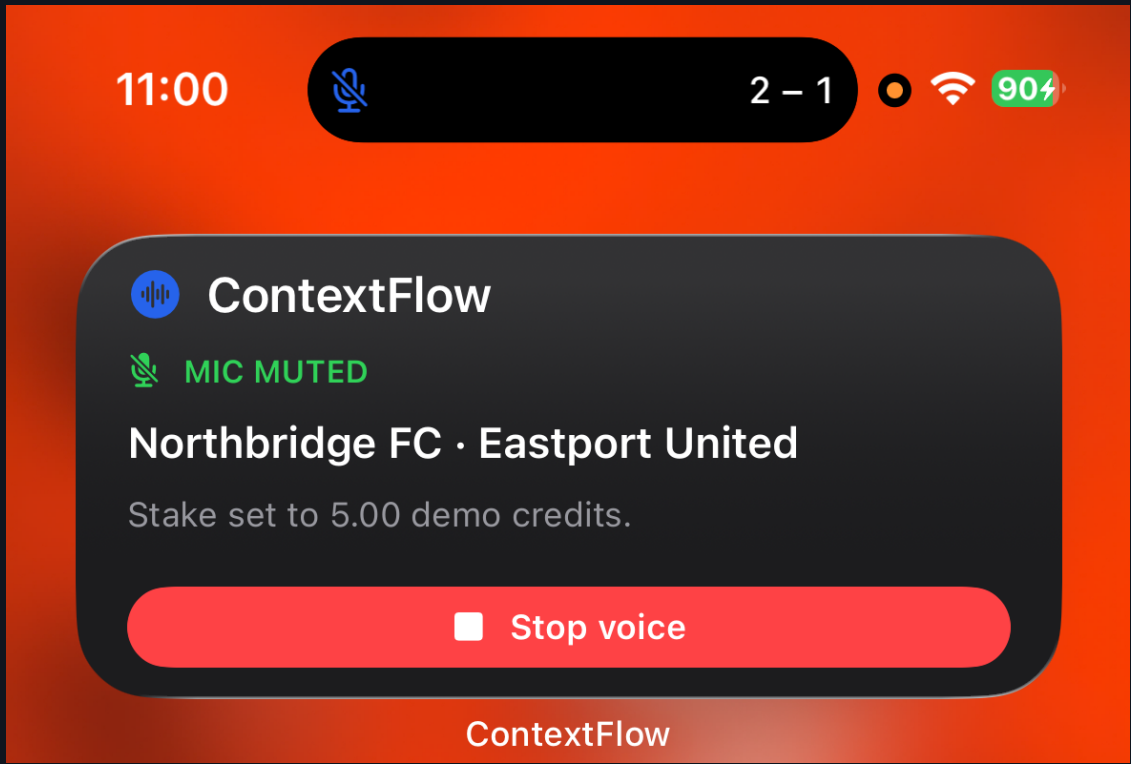

LAST FRAME

5.00 visible. Nothing placed. Review is still required.

Actual human + agent recording; duck the music.

S04 / Native-surface reveal

Slide 3 - 6-second cinematic plate - 360p drafts, selected 720p finish

ACTUAL NATIVE CAPTURE - SAMPLE DATA

FIRST FRAME

App result matches the saved task.

0-2s hold / 2-4s 2% push / 4-6s hold

Updated widget and compact island show MIC MUTED. Lock-screen and restart QA remain open.

LAST FRAME

Actual widget / activity / island; preserve stale and muted state.

Restrained reveal accent; no urgency cue.

S05 / Watch concept

Slide 8 - 6-second cinematic plate - 360p drafts, selected 720p finish

CONCEPT - NOT BUILT

Northbridge / Eastport

2-1

Task saved. Continue when useful.

Editable screen concept; not generated native UI.

FIRST FRAME

Entire watch and band; blank screen plate.

0-1s hold / 1-4s 2% push / 4-6s hold

Still inspected. Future concept only; no Watch app exists.

LAST FRAME

Same pose, closer; concept label remains visible.

Gentle lift; no victory or betting-pressure cue.

S06 / Mac concept

Slide 8 - 6-second cinematic plate - 360p drafts, selected 720p finish

CONCEPT - NOT BUILT

Northbridge / Eastport

2-1

Task saved. Continue when useful.

Editable screen concept; not generated native UI.

FIRST FRAME

Full monitor and stand; matching navy studio.

0-2s hold / 2-4s 2% pull-back / 4-6s hold

Still inspected. Future concept only; no Mac implementation is claimed.

LAST FRAME

Pull back to resolve into the 30-day pilot ask.

Quiet musical resolution beneath the presenter.
